How to Read Literature Like a Professor Revised Thomas C. Foster 2014-02-25 A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. The Jungle Upton Sinclair 2017-06-19 *The Jungle* is a 1906 novel written by the American journalist and novelist Upton

Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

Literary Conversations in the Classroom Diane Barone 2017 Combining research with real-life classroom examples, this book demonstrates how high-level conversations centered on fiction and nonfiction can promote student understanding and help them meet and exceed a spectrum of standards. The authors demonstrate how to use literary conversations in small, heterogeneous groups to address multiple expectations within classrooms, such as close reading, vocabulary, background knowledge, literal and inferential comprehension, and responses to multimodal interpretation, nonfiction text features, and graphic organizers. The text includes the theoretical why, and the very practical how-to, to help teachers (grades 3–8) successfully implement serious, sustained student-group conversations about their reading. The recommendations for heterogeneous groups, rather than groups based on book selection or reading ability, will support all students—struggling readers and those reading at or above grade level. This practical resource shows teachers how to: Group students heterogeneously, from inexperienced participants to sophisticated readers. Support each student as he or she reads a nonfiction or fiction book. Engage students in critical conversations centered on their reading. Be mindful of the roles for each student and how these change based on genre. Assess student participation and literacy outcomes.

“Barone and Barone show us how to guide students’ literacy development through interactions. They articulate the support teachers and students need to engage in deep conversations about narrative and informational texts such that students uncover their thinking and explore the thinking of their peers relative to complex texts. The ideas contained within this volume have the potential to unleash student learning in powerful ways.” —Douglas Fisher, San Diego State University “Barone and Barone have created a valuable resource--perfect for meeting the expectations of the Common Core and fostering students’ comprehension, as well as their speaking and listening skills.” —Maureen McLaughlin, Professor of Reading, East Stroudsburg University of PA, 2013–2014 President of the International Literacy Association
