Ethnozoology Romulo Romeu Nobrega Alves 2017-10-31 Ethnozoology: Animals In Our Lives represents the first book about this discipline, providing a discussion on key themes on human-animal interactions and their implications, along with recent major advances in research. Humans share the world with a bewildering variety of other animals, and have interacted with them in different ways. This variety of interactions (both past and present) is investigated through ethnozoology, which is a hybrid discipline structured with elements from both the natural and social sciences, as it seeks to understand how humans have perceived and interacted with faunal resources throughout history. In a broader context, ethnozoology, and its companion discipline, ethnobotany, form part of the larger body of the science of ethnobiology. In recent years, the importance of ethnozoological/ethnobiological studies has increasingly been recognized, unsurprisingly given the strong human influence on biodiversity. From the perspective of ethnozoology, the book addresses all aspects of human connection, animals and health, from its use in traditional medicine, to bioprospecting derivatives of fauna for pharmaceuticals, with expert contributions from leading researchers in the field. Draws on editors' and contributors' extensive research, experience and studies covering ethnozoology and ethnobiology Covers all aspects of human-animal interaction through the lens of this emerging discipline, with coverage of both domestic and wild animal topics Presents topics of great interest to a variety of researchers including those in wildlife/conservation (biologists, ecologists, conservationists) and domestic-related disciplines (psychologists, sociologists)

Celebrating Seasons of the Goddess (B/W) Mago Books 2017-08-10 Celebrating Seasons of the Goddess restores the original vision of celebrating cultural and natural landmarks from the perspective of Goddess feminist activism. By taking such categories as time, seasons, nature and the female divine as a point of departure, this book brings modern minds out of patriarchal holiday conventions and invites the reader to join the sobering chorus, led by our 35 authors-writers, researchers, poets, artists, ritualists, photographers and activists from around the world. At an individual level, this book presents a wide range of theological expressions in 88 chapters that are self-transcending and metamorphic. Its Goddess Spirituality, which may be called Engaged Goddess Spirituality, is characterized by the impetus to derail the cultural and spiritual paradigm of patriarchal religions. In other words, this book, fueled by the commitment to feminist social change, undertakes the task of undercutting the main nerve of patriarchal advancements that peril the terrestrial community at an ever-magnifying scale. However, Celebrating Seasons of the Goddess does not stop there. Summoning the time/space of the Primordial Mother, HERE/NOW, it re-channels seemingly isolated spiritual practices of the world to the consciousness of WE in S/HE. In short, it is a multi-faceted practical book that accompanies one's process of awakening and commitment to Engaged Goddess Spirituality. This book aims at the following: Discovering and owning Nature's female rhythms Personalizing cosmic time Riding Earth's seasons Countering foreground patriarchal propagandas Politicizing female experiences as salvific Commemorating Goddesses and gynocentric cultures Befriending non-human members of the terrestrial community Supporting Indigenous struggles Exploring nature-based lifestyles Engaging spirituality with feminist activism Awakening the deep memory of WE Cultivating the primordial consciousness of the Creatrix Section titles are: Section One: Time, Nature and the Goddess Section Two: The Chorus in Poetry, Art and Ritual Section Three: The Wheel of Seasons Section Four: A New Beginning, Winter Solstice Sections One, Three, and Four follow thematic categories, while Section Two is a collection of such genres as poetry, prose, art, and photography, which therefore stands as an autonomous booklet that contains the themes of the other three sections. Readers may opt to read this book perennially (Section One, Two, and Three) and seasonally (Section Four for Winter Solstice).
