Thought Vibration William Walker Atkinson 2017-07-06 This eBook edition of "Thought Vibration" has been formatted to the highest digital standards and adjusted for readability on all devices. Extract: "The Universe is

governed by Law - one great Law. Its manifestations are multiform, but viewed from the Ultimate there is but one Law. We are familiar with some of its manifestations, but are almost totally ignorant of certain others. Still we are learning a little more every day - the veil is being gradually lifted. We speak learnedly of the Law of Gravitation, but ignore that equally wonderful manifestation, THE LAW OF ATTRACTION IN THE THOUGHT WORLD. We are familiar with that wonderful manifestation of Law which draws and holds together the atoms of which matter is composed - we recognize the power of the law that attracts bodies to the earth, that holds the circling worlds in their places, but we close our eyes to the mighty law that draws to us the things we desire or fear, that makes or mars our lives." William Walker Atkinson (1862-1932) was a prolific writer. His works treat themes related to the mental world, occultism, divination, psychic reality, and mankind's nature. They constitute a basis for what Atkinson called "New Psychology" or "New Thought".

And it is in this exciting time and exotic place that a giant of an Englishman, Dirk Straun, sets out to turn the desolate island of Hong Kong into an impregnable fortress of British power, and to make himself supreme ruler...Tai-Pan! Praise for Tai-Pan "Unforgettable."—Chicago Tribune "[James] Clavell is, as always, a matchless tale-spinner."—Cosmopolitan "Every five or six years there appears on the horizon a book so vast in scope, so peopled with bold, colorful characters, it eclipses other efforts. . . . Such a book is Tai-Pan."—Pittsburgh Press "Grand entertainment...packed with action...gaudy and flamboyant with blood and sin, treachery and conspiracy, sex and murder...fresh and vigorous." —The New York Times Economic Review 1987

Escape James Clavell 2018-09-18 Tehran, Iran 1979: Simmering religious tensions explode and the Shah is forced to flee Iran. A British helicopter company—secretly owned by the Noble House of Hong Kong—with a fleet of helicopters registered in Iran faces bankruptcy if their copters are claimed or destroyed by the uprising. The pilots need to escape, but they've built lives in Iran, some even have families. Finnish pilot Erikki Yokkonen has married Azadeh, an Iranian woman of noble birth, whose family is caught up in the political situation exploding around them. Tasked with saving as many of the helicopters as he can and desperate to save his love, Erikki and Azadeh become caught up in the events around them. Threaded throughout master storyteller James Clavell's novel Whirlwind much like a shimmering strand of silk woven through an elaborate Persian carpet, is the love story of two people from different backgrounds. They have been brought together by a love stronger than either one, a love stronger than the revolutionary fires that burn all around them. A moving story, expertly told, unthreaded from the original masterwork, and allowed to stand on its own, brilliantly.

The Pure Land Alan Spence 2007-12-01 A "lively and epic . . . thoughtful and vivid" historical novel based on the true story that inspired Madame Butterfly and Miss Saigon (Publishers Weekly). The year is 1858. Thomas Glover is a gutsy eighteen-year-old in Aberdeen who grasps the chance of escape to foreign lands and takes a posting as a trader in Japan. Within ten years he amasses a great fortune, plays a huge role in modernizing Japan, and, on the other side of the law, brings about the overthrow of the shogun. Yet beneath Glover's astonishing success lies a man cut to the heart. His love affair with a courtesan—a woman who, unknown to him, would bear him the son for whom he had always longed—would inform a tragedy so heartrending that it would become immortal. "Part thrilling adventure, part lyrical reflection, and characterized by Spence's pure vision", The Pure Land spans the feudal and the atomic ages, East and West, global history and the private passions of the Scottish merchant-turned-Nagasaki tycoon and hero (Sunday Herald). The result is "a page-turner of the first order. Not merely an engaging and vivid historical novel, but also a meditative work of art that is as finely honed as a samurai's sword" (The Times, London).
