Postmortem Opportunity James Beilby 2021-03-23 What happens to those who did not hear the gospel before death, or who heard an incorrect version? What about those who were too young or who were otherwise unable to respond? Examining the biblical evidence and assessing the theological implications, James Beilby offers a careful consideration of the possibility for salvation after death.

The Book of the Dead John Mitchinson 2010-09-07 The team behind the New York Times bestseller The Book of General Ignorance turns conventional biography on its head—and shakes out the good stuff. Following their Herculean—or is it Sisyphean?—efforts to save the living from ignorance, the two wittiest Johns in the English language turn their attention to the dead. As the authors themselves say, “The first thing that strikes you about the Dead is just how many of them there are.” Helpfully, Lloyd and Mitchinson have employed a simple—but ruthless—criterion for inclusion: the dead person has to be interesting. Here, then, is a dictionary of the dead, an encyclopedia of the embalmed. Ludicrous in scope, whimsical in its arrangement, this wildly entertaining tome presents pithy and provocative biographies of the no-longer-living from the famous to the undeservedly and—until now—permanently obscure. Spades in hand, Lloyd and Mitchinson have dug up everything embarrassing, fascinating, and downright weird about their subjects’ lives and added their own uniquely irreverent observations. Organized by capricious categories—such as dead people who died virgins, who kept pet monkeys, who lost limbs, whose corpses refused to stay put—the dearly departed, from the inventor of the stove to a cross-dressing, bear-baiting female gangster finally receive the epitaphs they truly deserve. Discover: * Why Freud had a lifelong fear of trains * The one thing that really made Isaac Newton laugh * How Catherine the Great really died (no horse was involved) Much like the country doctor who cured smallpox (he’s in here), Lloyd and Mitchinson have the perfect antidote for anyone out there dying of boredom. The Book of the Dead—like life itself—is hilarious, tragic, bizarre, and amazing. You may never pass a graveyard again without chuckling.

Understanding Death as Life’s Paradox Brayton Polka 2019-04-30 This book focuses on death as life’s paradox in order to test, to put on trial, what it means for us human beings to exist. No one of us chooses to be born. Yet, having been born, we must choose to have been born, to live, to exist. To exist is to choose to exist. To choose to exist is to live with our choices. This text argues that death is the limit of life, that we can live freely and lovingly, at once justly and compassionately, solely within the limit of death. It shows that we can develop a comprehensive conception of life, and also of death, solely insofar as we learn to overcome the dualistic opposition between philosophy and theology that continues today to falsify our understanding of not only the secular,

but also the sacred.

Who God Says You Are Klyne R. Snodgrass 2018-01-08 WHO ARE YOU? For respected New Testament scholar Klyne Snodgrass, this is the most important question a person can ask—the question from which everything else in life flows. Other questions follow: What made you who you are? Who gets to say who you are? And—perhaps most vital—Who does God say you are? In this book Snodgrass offers wise guidance to all who are wrestling with such universal human questions. He examines nine factors—including one's body, personal history, commitments, and boundaries—that shape human identity, and he expertly draws out what the Bible tells us about who God says we are, how we fit within God's purposes, and how our God-given identity can and must impact the way we live our lives.

Resurrecting Justice Douglas Harink 2020-09-29 Theologian Douglas Harink invites readers to rediscover Romans as a treatise on justice, tracing Paul's thinking on this theme through a sequential reading of the book and finding in each passage facets of the gospel's primary claim—that God accomplishes justice in the death and resurrection of Jesus Messiah.

Gender and Climate Change Joane Nagel 2015-09-25 Does gender matter in global climate change? This timely and provocative book takes readers on a guided tour of basic climate science, then holds up a gender lens to find out what has been overlooked in popular discussion, research, and policy debates. We see that, around the world, more women than men die in climate-related natural disasters; the history of science and war are intimately interwoven masculine occupations and preoccupations; and conservative men and their interests drive the climate change denial machine. We also see that climate policymakers who embrace big science approaches and solutions to climate change are predominantly male with an ideology of perpetual economic growth, and an agenda that marginalizes the interests of women and developing economies. The book uses vivid case studies to highlight the sometimes surprising differential, gendered impacts of climate changes.
